So you have a Chromebook...

What should you do on your
first day of school?

- Open your Chromebook.
- Press the small Power button on the right side to turn it on.
- Once it's on, it will ask you for your login information. It is:

Username: Your GTID#@mcsdgas.com
(Example: 1234567890@mcsdgas.com)

Password: mcXXXXXX

(your birthdate - example: mc021708)

MEMORIZE THIS LOGIN! YOU'LL USE IT FOR EVERYTHING!!

- After you're logged in, it will take you to CLEVER, or you may have to find the icon and click on it. Clever is a place where many apps and programs that we use are located for quick access.
- Find the one called CANVAS.
- For your first login, it may ask for your GTID # and password again.
- Once in Canvas, you'll see each of your teachers' classes listed.
- Click on the one you have FIRST PERIOD. Your teacher probably will have made an ANNOUNCEMENT (found on the left) on what to do first. It will probably contain a Zoom link to join your teacher for class time.
