The Muscogee County School District supports the requirements of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act and does not tolerate discrimination in any form.

### **Consent Form: Media relations and use of student images/audio/video**

The District is approached by various media outlets and other outside organizations seeking to interview, record, or photograph students for non-advertising purposes. These requests must be made to and approved by the Director of Communications and/or designee. Once a student's photograph, video image, audio clip, quote, or other potentially identifying information is published by a media outlet or external organization, it can be accessed by individuals or groups that are not related to the District and that cannot be controlled by the District. The District will not authorize a media outlet to ask a student for personally identifying information such as their full name, parents' names, addresses, telephone numbers, or the like.

The District Communications Office maintains several social media platforms and manages the creation of online content; in doing so, the Communications Office often uses photographs and videos (with and without audio) that contain student images and student audio in the creation of content that is then published to these sites.

***Please print:*** by signing below, I hereby grant permission to the District to allow the student named below to be interviewed, photographed, or recorded by the District or by media as outlined above.

## **Student Information and the Media**

The MCSD does not authorize or permit media, organizations, groups, or businesses on or in its schools/facilities for the purposes of video, recordings, or interviews etc. of students or its facilities without those individuals first obtaining express written permission from the District Communications Office. Requests, which include, but are not limited to interviews, photographs, television broadcasts, print, radio, videos and social media must be approved. From time to time, with prior approval from the Superintendent and/or his designee, media representatives may be permitted for a brief/limited time to cover an activity or event that takes place on school district property or at a school. At these times, students' images or voices may be captured by the media.

In addition, the District Communications Office maintains several online social media pages and manages the creation of online content. As such, the Communications Office often uses photographs and videos (with and without audio) that contain student images and audio in the creation of content for these sites.

The District Communications Office obtains parental permissions related to these media visits, and its use of student images and video, at the beginning of each school year, through the Media Permissions and Consent Form. If you have questions, please contact the District Communications Office.

Parents and guardians who do not consent or allow their child's image and audio to be portrayed on the District's social media and website, or who do not consent to allow their child to participate in approved media interviews must not sign and return this form to the school.

Parents and guardians may object to the use of their child's image or audio as noted in this document should notify the Principal or building leader in writing at the beginning of the school year, no later than ten days after the first day the student enrolls.

This written notification will ensure the District is aware of and can honor the parental objection.

## Parent & Student Notification Agreement

### The Compulsory Attendance Law O.C.G.A §20-2-690.1

The Compulsory Attendance Law O.C.G.A. §20-2-690.1 continues to be in effect for the current academic year, which pertains to every school district in Georgia. The Compulsory Attendance Law states “children between their sixth and sixteenth birthday shall enroll and attend a public school, a private school, or a home study program”. If a child is under 6 years of age and has attended more than 20 days in a public school, he/she is then subject to this law. The law also provides “penalties for parent(s), guardian(s), or other person residing in Georgia who are in violation of O.C.G.A §20-2-690.1; which are imposed at the discretion of the court having jurisdiction”. Each day's violation of this law, after the School District has notified the parent, guardian, or other person in charge of a child having five unexcused absences from school, shall constitute a separate offense subjecting the person notified to the following measures:

- Fine of not less than \$25 and not greater than \$100
- Imprisonment not to exceed 30 days
- Community service
- Any combination of the above penalties

Elementary and middle school students may only miss **15** days per year before possible retention. High school students may miss only seven (7) days per semester to prevent loss of credits. Parents are required to provide proof of excused absences **within three days after the absence occurred**. Handwritten notes from parent(s), a doctor's excuse, or a copy of a court order are a few examples of acceptable proof of absences. Schools may require additional verification for those students who have established a pattern of excessive absences.

The Muscooke County School District is required to obtain signatures from parents and students (who are ten years-old by September 1) as acknowledgment of receipt of the **Parent & Student Notification Agreement** and of the possible consequences due to non-compliance.

Thank you for your cooperation in acknowledging receipt of this agreement and the consequences in the event of any violation of the Compulsory Attendance Law. Please return this to your school's administration.
