Infinite Campus **Final Grade Calculations**

Final Grade Calculations

Traditional Scheduling

- Final grades will be calculated as the average of the 1st, 2nd, & 3rd Nine Weeks Grading Tasks.
- Teachers can input 4th Nine Week assignments with scores for purposes of accountability, but these scores will not count towards the Final average for the course. They can use a numeric score, T for "Turned In", or I for "Incomplete".

Teacher Have Two Options For Updating Grades

- Teachers can offer remediation work and update **improved** scores on **existing** assignments in 1st, 2nd, and 3rd Nine Weeks. The grading windows will be re-opened for Posting these updated averages at a later date. **(Recommended Option)**
- Teachers can elect to simply submit a Final Grade for a student to their administrator. An administrator can override the Final Posted Grade after AutoGrade is run to reflect this new Final Average.

Half-Credit Courses That Only Meet 4th 9 Weeks (Secondary)

- **Middle and High School Principals** will submit a work order with a list of these course numbers so DIS can allow their Final average to use the 4th Nine Week score by **April 17th**.
- **Teachers** will record grades in 4th Nine Weeks as usual based off completed digital and packet assignments. They will post as normal when the grading windows are opened.
