Financing College \$

Learn what's available for you and your Family to maximize your efforts.

With the many available scholarships, grants and other options for financial aid, paying for college doesn't have to be intimidating. There are plenty of resources to help you as you begin planning for your future. As you think about how to pay for school, be sure to maximize financial aid, grants and scholarships first, then look into educational loans to cover the rest. You can also get a head start on saving with a 529 savings plan.
