Georgia Parent Survey

Provided by the Safe and Drug-Free Schools division of the Georgia Department of Education

We are asking all parents or guardians to complete the Georgia Parent Survey. This survey will be used to calculate our School's Climate Star Rating within the *College and Career Ready Performance Index* (CCRPI). Parents and guardians can complete the survey on any laptop, computer, smartphone or tablet. Ms. Ogletree has computers available at Jordan Vocational High School also. You can access the survey on our school website at sites.muscogee.k12.ga.us/Jordan/ or by searching online for Jordan High School. Just select the Parent link. The Georgia Parent Survey has 24 questions and it should take no more than 10 minutes to complete it. Survey responses are anonymous.

Once you access the survey from the Parent page, two drop-down menus will appear and you will select **Muscogee County** for the school system and select **Jordan Vocational High School**.

We would like for our parents and guardians to complete this survey by Friday, February 19, 2016.
