What is Title I?

Jordan Vocational High School is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is a federal grant that was designed to ensure that all children receive a high quality education and reach grade level proficiency. Title I programs must be based on effective means of improving student achievement and include strategies to support parent and family engagement.

Parental Involvement Policy for Shared Student Achievement

What is it?

The Parental Involvement Policy describes how Jordan Vocational High School will provide opportunities to improve parent engagement to support student learning. Our school values the contributions and involvement of parents in order to establish partnerships for the common goal of improving student achievement. The Parental Involvement Policy describes the different ways the school will support parent engagement and how parents can be involved.

How is it developed?

Jordan Vocational High School welcomes parent input and comments at any time regarding the Parental Involvement Policy. All parent feedback will be used to revise the plan for next year. The Parental Involvement Policy is available for parents to view and provide feedback throughout the year. We will also distribute a Title I Annual Survey to ask parents for suggestions on the Parental Involvement Policy and the use of funds for parent involvement.

Who is it for?

All parents at Jordan Vocational High School are encouraged and invited to fully participate in the opportunities described in the Parental Involvement Policy. We will provide full opportunities for the participation of parents with limited English, parents with disabilities, and parents of migratory children.

Where is it available?

As a reminder, a copy will be mailed to each home. Parents can also receive a copy of the Parental Involvement Policy in the Parent Resource Room.

Jordan Vocational High School Parental Involvement Policy

What is Parental Involvement?

Jordan Vocational High School believes that parental involvement means the participation of parents in regular two-way and meaningful communication involving student achievement:

- Parents play an integral role in assisting their child's learning.
- Parents are encouraged to be actively involved in their child's education.
- Parents are full partners in their child's education and included in the decision-making of their child's education.

Assistance to Parents

Effective parental involvement will not be an occasional event, such as a parent conference; rather it will be an on-going process. Jordan Vocational High School is committed to helping our parents by maintaining a Parent Resource Room for parents to check out materials to use at home with their child or for themselves.
