Libba Russell shared the rough draft panels that she has made which depict historical highlights. ### **To Do Items:**

- Solicitation letters will be mailed within the next few days after we have checked for duplicates and names of those who have already contributed. Karen will handle this task.
- Mary Sue will contact Jacque Murray, who is now retired, to request that she continue the work she began in serving as the web master for the history web site.
- Mary Sue will make an appointment with Mike Bunn at the Museum to explore collaboration possibilities.

The group decided to omit the July meeting. The next meeting will be on the first Thursday in August (August 5, 2010), at 12:00 Noon, at the Public Education Center.
