

Set Aside Survey

Title I Parents, Family Members, and Other Community Education Stakeholders of Muscogee County,

The Muscogee County School District (MCSD) annually receives a Title I, Part A Federal Grant for schools with a high percentage of students who are eligible to receive free or reduced priced school meals. Schools that receive funds from this grant are classified as Title I schools. Currently, there are 38 schools in MCSD that receive Title I funds.

One of the provisions of this grant is the requirement for the District to set aside 1% of its Title I, Part A money to fund activities that build parents' capacity to become partners with schools to help their children achieve academically. You, as a parent, family member, or other educational community stakeholder, may assist the MCSD Title I Department in making decisions about how the set aside funds will be used in the 2020-2021 school year.

You may participate in the decision making process by completing the Title I Stakeholder survey below. Please return to your child's school prior to September 23, 2020.

Please select three choices.

_____ Parent and Family Engagement Books, Pamphlets, and Brochures
