Dear Parent or Guardian,

Shaw High School is committed to providing academic opportunities for our students. We are offering a summer credit recovery program in **ELA, Math, Science, Social Studies and a limited number of electives** for students who have not passed a course in those subjects. Based on your child's academic performance over four nine weeks, if his/her cumulative **average is below a 70 but at or above a 50**, therefore, he/she qualifies for Georgia Virtual Credit Recovery.

What is Georgia Virtual Credit Recovery?

- ✓ Credit Recovery courses are designed to be on a flexible schedule in which direct instruction is not provided, however, a content teacher is available to answer content related questions.
- ✓ Credit Recovery courses are complete courses, aligned to state standards, for which the student will demonstrate mastery before receiving a grade.
- ✓ **Credit recovery is NOT for students who need one-on-one help, or did not get the basic understanding of the course content the first time the course was attempted.**
- ✓ The program is provided free to participating Georgia public high school students for all first time enrollments. For re-enrollments, a fee of \$25 will be assessed and passed on to the students.
- ✓ Students can take up to 3 to 4 courses during summer school.

When will this Program Begin?

- ✓ Monday, June 1st – Friday, July 9th
(All MCSD buildings are closed on Friday during the summer months except for the week of July 4th.)
- ✓ **GMAS Testing** (Dates and times of the exam will be announced.)
- ✓ Time: 8:30 AM – 12:30 PM
- ✓ Place: Shaw High School

Requirements for Participation in Georgia Virtual Credit Recovery:

- ✓ **Registration should be completed using the Google link and then the signature sheet should be returned** (completed and signed) by Monday, May 17th to the attendance office. **We will also register students at Shaw High on May 27th – 28th from 9:00 AM – 12:00 PM.**
- ✓ Daily attendance is required.
- ✓ Be punctual—being tardy to class is not permitted.
- ✓ Same rules apply for dress code—no sweats, tank tops, pajamas, hoodies, ear buds, or slides.
- ✓ Misbehavior of any kind will not be tolerated. (Unauthorized cell phone use, disrespect, defiance, etc.) Students who choose to misbehave will be withdrawn from summer school.
- ✓ **In a course that has a Georgia Milestone assessment, the student must take the assessment in order to receive credit for the course; the exam dates will be announced. The GMAS score will be 20% of the course grade. Students will not receive credit for the course without a GMAS score.**

***Failure to meet all requirements will result in a failing grade and/or withdrawal from the course.**

How Do I Get Started on Georgia Virtual Credit Recovery?

- ✓ Students must log onto www.gacreditrecovery.org and register for an account.
- ✓ If a student already has an account, the student needs to make sure he/she has recovered the correct log-in information and password before the first day of summer school.

Credit Recovery Post Test Procedures & Grades

Student success is the most important part of what the Georgia Credit Recovery program strives for in the credit recovery program. To help you master the content of each unit, you must pass each unit post-test with a 70% or better.

The post test is currently set up to allow you three attempts at the post test. After three attempts, you will be temporarily stopped from attempting the test again. If this happens ask the monitor to reset your test.

Remember, **all Unit Post Tests must be taken at school under the direct supervision of the credit recovery monitor**, but you may complete unit activities/assignments at home. Only the Post Tests, Essays for English courses, and **Final Exam** will be averaged to determine your final grade in the course. Also, students will be **given only 1 attempt** when writing essays and taking the final exams on the Credit Recovery Program. When writing essays, it is highly recommended that the student review the rubric and the essay requirements before beginning the task.

Please do not forget that the score on the GMAS exam **will count 20%** of the course grade.

Important Information

- ✓ This online credit recovery program is not approved by NCAA for students seeking course credit to be eligible for college/universities under the regulations of the NCAA. **Students receiving credit from this program will NOT be eligible under the NCAA guidelines.**

Please sign below in order to reserve a spot for your student. This is an **INCREDIBLE** opportunity for your student to receive **free** content help in order to pass the course and meet graduation requirements. We thank you for your proactive support.

I fully understand the rules and expectations of summer school, as well as the NCAA regulations pertaining to credit recovery. Any violation of these rules will result in removal from the program and I will have to complete the course during the school year. I have completed the online registration process and my parent is giving me full permission to participate in the summer school process.
