Working Together To Ensure Success

Spencer High School will...

Teachers are expected to work with students and their families to support students' success in all classes. Some of our key connections with families will be:

- Believe that each student can learn.
- Come to class prepared to teach.
- Provide learning environments that:
 - Promote higher test scores
 - Improve the graduation rate
- Encourage students to attend classes regularly to be successful.
- Develop and send home materials for students to help parents support the learning goals.
- Maintain open lines of communication with students and their parents.
- Create a partnership with families and provide opportunities for parents to volunteer.
- Establish open lines of communication with parents concerning the student's school performance.

Dr. Johnny Freeman, Principal

As Students, we will...

Students are encouraged to participate in the educational process. A successful student takes ownership of his/her learning and sets high educational goals.

- Set goals for myself to succeed in my all-academic standards.
- Work cooperatively with my teachers.
- Work hard to ensure excellent attendance records.
- As a student do my best in all classes to make sure that I graduate on time.
- Work hard to maintain a high a GPA to increase my chances of success.

As Families, we will...

Parents are expected to participate in the education of their children. Without the cooperation and partnership between parents and school staff, we cannot effectively help a student reach his or her full potential. The major role of parents is to continually show their children that they are interested and supportive of how their child is doing in school.

- Instruct, encourage, and teach the student of the importance of high school years.
- See that my child attends school regularly and on time.
- Provide a home environment that encourages my child to learn.
- Communicate regularly with my child's teacher(s).
- Support the school in developing positive behavior and study habits so that they can:
 - Increase test scores
 - Improve the graduation rate

- By July 2022, all MCSD schools will implement a Core Four area of Personalized Learning with cohorts of teachers who participate in training and implement practices around the identified Core Four area as measured by status reports, walk-throughs and survey feedback.

ENGAGING AND EMPOWERING FAMILIES WITH...

School Measures to Provide Required Assistance: Spencer High School will take the following measures to promote and support parents:

Curriculum Information: Inform parents throughout the year about what their child is learning by providing parent and family engagement meetings and workshops, parent-teacher conferences, information on Canvas, and on our school website.

Student Progress Monitoring: Ensure families are familiar with the online resource Infinite Campus (Parent Portal) that allows families to view grades, attendance, schedules, assessments, course history, and much more. Monitoring student progress in school is an important way to be involved in their education.

Parent Resources: Create and maintain a Parent Resource Area/Room to allow parents opportunities to checkout materials to assist them with helping their child at home. Resources are available in English and Spanish.

Staff Trainings: Conduct staff development quarterly on parent engagement practices and effective strategies for staff to communicate and build partnerships with parents.

Communication: Ensure schools publish all information related to school workshops, programs, meetings, and activities in both English and Spanish and communicated on a regular basis.

Transition Support: Partner with early childhood programs, elementary schools, middle schools, high schools, college and career organizations, parent resource centers, or other programs (as applicable) to help prepare families and their children for successful school transitioning.

Communication

Spencer High is committed to keeping open lines of communication with families. We have several ways to communicate. We utilize two-way communication through the school website, email, phone calls, parent conferences, social media, Infinite Campus and Canvas to reach our students and families.

Spencer High will also provide materials at conferences and workshops to help parents work with their children at home. Parents can request additional conferences by contacting the school or their child's teacher.

Transportation and childcare may also be offered for parents to prevent barriers to family engagement. For all students who reside in residential facilities served by the Muscogee County School District, family engagement correspondence and activities will be mailed to each facility where students reside. If you need interpretation and/or translation services, please contact the school at (706) 683-8701. Some of the ways you can expect us to reach you are:

- Connect-Ed phone calls and/or Remind messages
- Updates on the school's website
- Social Media posts
 - Facebook, Twitter, Instagram
- Parent Emails
- Parent-teacher conferences
