# WESLEY HEIGHTS ELEMENTARY

Dear Proud Parents,

Welcome to Wesley Heights Elementary, home of the Bulldogs, where I am extremely proud to be the principal! Another exciting year lies before us! I am honored to be the principal of such a wonderful school and look forward to sharing a rewarding relationship with you and your family this school year.

Together, everyone helps to create a supportive school where all are welcome, respected, and encouraged to reach their full potential. We are proud of our dedicated faculty, staff, and enthusiastic learners. It is evident that teaching and learning are the top priority of our scholars, staff and parents. We have gained significant academic growth in all areas and we thank you!

As demands and complexities of teaching children continue to increase, it becomes more evident that we must work together to ensure our children reach their full potential. We believe it is everyone's responsibility to empower children with creative decision-making skills necessary for them to become academically, socially, physically and emotionally responsible and successful.

With that in mind, you are invited to become an active participant at Wesley Heights Elementary. I hope you will actively participate in the school community through membership in the PTA, volunteering in your child's classroom and throughout the building in areas such as the office and media center. Reading to a class, eating lunch with your child and simply "Being There" is vital. The success of our children depends on a strong partnership between the home, the school and the community. WE, the Wesley Heights' faculty and staff, desire to develop a home/school partnership with all scholars and parents ensuring the ultimate level of school success. Please let us know how you would like to assist in

Communication is a vital part of our scholars' success. It is our desire to keep you informed of all school events that will take place. Additional information will be updated and sent to you through Connect Ed, teacher newsletters, student agendas and on our school website. Let us continue to work together, collaboratively, to rigorously meet the needs of all scholars. We value our relationship with you. Come and see!

# **WESLEY HEIGHTS ELEMENTARY SCHOOL**

## **Introduction**

The Muscogee County Board of Education on May 17, 1976, required each school principal to provide scholars/parents with a “Local School Code of Conduct”, as a joint effort among scholars, parents, faculty, and administrators which would coincide with Muscogee County School District’s “Behavior Code and Discipline Policy.”

It is important to remember that student behavior is governed by this “Local School Code of Conduct” and the Muscogee County School District “Behavior Code and Discipline Policy”, copies of which will be given to each scholar enrolled at Wesley Heights Elementary School. (Parents will sign for each of these documents on the first day of school.)

**The principal shall be designated as the final authority in interpreting the code when questions or comments arise. These rules will be strictly enforced.**

## **Registration**

All scholars of the Muscogee County School District must furnish the following upon Registration or have on file:

1. Birth Certificate or adequate proof of birth. (We will copy the original.)
2. Required immunization records (Georgia Department of Human Resources Form 3231)
3. Ear, eye, dental and nutrition examination form (Form 3300)
4. Social Security card. (We will copy the original Social Security card.)
5. Current utility bill **AND** lease, mortgage, or property tax
6. State issued photo ID

A scholar must be five years old on or before September 1st to enroll in Kindergarten, must be six years old on or before September 1<sup>st</sup> to enroll in the First Grade.

## **District and School Mission Statement**

Our mission is to inspire and equip all students to achieve unlimited potential.

## **District and School Mission/ Vision**

Our mission is to inspire and equip all students to achieve unlimited potential.

The MCSD is a beacon of educational excellence where all are known, valued, and inspired.

## **District and School Value Statements**

**MCSD fosters a healthy organization where....**

**We** embrace equity and diversity

We hold ourselves and others to the same high standards

**We** commit to continuous learning and improvement

**We** treat everyone with dignity and respect

..... as **WE** serve the needs of others.

## **Statement of School Philosophy**

The Wesley Heights Faculty recognizes that the basic needs of children must be met before optimal academic achievement and physical well-being are realized. Therefore, the Wesley Heights Faculty continuously strives to provide an atmosphere conducive to learning by meeting the physical, emotional, and social needs of the scholars.

Objectives should fulfill the total needs of all individuals in a given population. As our society embraces the informational and technological age, the Wesley Heights Faculty believes that the school program should adapt to reflect these changing needs.

The Wesley Heights staff believes that the school's task is to encourage the fullest self-realization of the total child through the mastery of essential competencies, the development and maintenance of desirable health and safety habits, the acquisition of knowledge, the development of appropriate social behavior, and the acceptance of responsibilities inherent in a democratic society.

The Wesley Heights Faculty also believes that the home, school, and community must share the responsibility of establishing an adequate foundation of cooperative interaction. Establishment of such a base will enhance each child's opportunity for achieving his/her fullest potential.

## Academic Expectations

All instruction offered at Wesley Heights follows Muscogee County School District guidelines and Georgia Standards of Excellence. An integrated approach to learning is incorporated through the use of Reading Wonders, Envisions, Achieve 3000, IXL, Literacy Footprints and Lexia.

1. **Scholars:** Each scholar will be encouraged to assume responsibility for learning by exerting the effort required to achieve to his/her highest potential.
2. **Parents:** Parents are requested to support the school and their child's learning by:
  - displaying a positive attitude toward school and learning;
  - insisting that their scholar makes his/her best effort to learn;
  - providing a time and place for study at home;
  - checking to insure that homework is completed and returned to school daily;
  - maintaining frequent contact with the teacher to monitor their scholar's progress and attending teacher/parent conferences;
  - attending Scholar led Conferences, parent meetings;
  - and **insuring that your scholar is on time and prepared for learning.**
3. **Homework:** Homework provides the scholar with the opportunity to practice the concepts taught in school. Understanding, or the lack thereof, becomes readily apparent when homework practice is checked. Practice improves our performance, regardless of the kind of activity.

All Wesley Heights scholars will be expected to complete and return homework as specified by the teacher. Consequences for failing to do so will be determined by each classroom teacher. Homework will not be given in excess.

Reading is always a part of the homework assignment, regardless of whether the teacher specifies it or not. Reading may be any material the child selects. It may be silent reading, reading to a parent, relative, or friend. It may be listening to someone read to him/her. Daily reading is the important thing!

Scholars are responsible for making up homework when they are absent from school, unless excused by the teacher. They have three days to return work missed when an absence is excused.

## PARENT-SCHOLAR-TEACHER COMPACT

"A promise made by one of us is a promise kept by all of us."

# **Wesley Heights Elementary School**

## **Parent Involvement Policy**

### **2018- 2019**

#### **PART 1: DEVELOPMENT AND DISTRIBUTION OF POLICY**

The Wesley Heights Elementary School-Parent Involvement Policy was developed with input from the District Parent Committee. The committee is made up of parent representatives from each school. Any parent or interested citizen may attend District Parent Committee meetings. The results from the spring Parent Survey provide data which is used to develop the policy.

Each fall, the school will have an Open House at a convenient time for parents. All parents of participating scholars will be invited and encouraged to attend. Parents will be informed of the nature of the Title 1 Program, its requirements, why their scholars are participating, and the parents' right to be involved in decisions made about their scholar's education.

#### **PART 2: PARENT INVOLVEMENT IN THE DEVELOPMENT OF THE PARENT INVOLVEMENT PLAN**

Parents will be involved in the joint development of the Wesley Heights Elementary School Title I School wide Plan, the Parent Involvement Policy, and in the process of school review and improvement through the use of parent surveys at the school level, by representation on the District Parent Committee, by membership on School wide Planning Teams, or on School Improvement Teams.

#### **PART 3: PARENT INVOLVEMENT IN THE DEVELOPMENT OF IMPROVMENT PLANS**

When a school is identified for School Improvement, a team of teachers, administrators, consultants, and parents will be assembled to research the current program and seek ways to improve it. Parents are included in looking for strategies to better serve their scholars and raise the level of academic achievement.

#### **PART 4: EXPECTATIONS OF PARENT INVOLVEMENT**

Effective parent involvement will be an ongoing process that may include attending parent conferences and other meetings, supporting homework and study, coaching a scholar with academics at home, providing a home environment that encourages learning, developing a positive approach to discipline and encouragement, volunteering at school and being involved in decisions that affect your scholars.

Parents and teachers will discuss their shared responsibility for high scholar performance and will jointly develop a compact that outlines the roles of parents, the entire school staff, and the scholar in improving achievement. The compact will describe the means by which the school and parents will build and develop a partnership to help scholars achieve Georgia's high standards.

## **PART 5: COORDINATION AND TECHNICAL ASSISTANCE**

Title I identified schools are provided the coordination, technical assistance, and other support necessary to assist in planning and implementing effective parent involvement. A District Parenting Specialist will train parent representatives in methods for increasing parent involvement using information and materials from various sources. The District Parent Committee will coordinate district-wide parent-scholar activities.

The parent contact will design and conduct parent workshops, work with teachers and parents to plan instructional programs for the scholars, and design information sheets which include tips for working with scholars at home.

District level personnel will meet with the District Parent Committee monthly to disseminate helpful information to parent representatives who will share it with the parents at their respective schools.

Parent representatives will collect information from various sources including workshops, conferences, and community agencies. They will share what they learn with other committee members who will, in turn, share with parents and/or the school parent coordinator.

## **PART 6: ASSISTANCE TO PARTICIPATING PARENTS**

Topics discussed at parent workshops will include:

### **State Content Standards and Student Performance Standards**

The Common Core Georgia Performance Standards/ Georgia Performance Standards will be used in the school until such time as new standards are adopted. Parents will be made aware of these objectives and at what level their child is expected to perform to meet the state standards. In the spring, Georgia Milestones Assessment Tests (GMAS) will be given in grades one through five to measure student achievement of the grade level standards. Parents will be informed of the ranking of their child's school in the district and the district's ranking in the state. Scores will be printed in the local newspaper and will be discussed at the parent meeting following the newspaper publication.

### **School Improvement Process**

If a school does not show achievement gains for two consecutive years, it will be placed in the School Improvement Program. When a school is placed in the program, an extensive process of review and evaluation of the instructional program is made by the teachers, administrators, and parents. Parental input will be sought to help discover why the program as designed at that school is not being successful. With the help of research, a revised instructional program will be designed to better meet the needs of the particular school's population.

### **State and Local Assessments**

On a timely basis, parents will be provided information concerning the results of the annual review including school performance profiles, individual scholar assessment

results and interpretation of those results, a description and explanation of the school curriculum, and the assessments used to measure scholar progress and the proficiency levels the scholars are expected to meet.

**Requirements of Title I Parent Involvement**

Inclusion of parents in all educational areas that affect their scholars is a goal of Title I. Interested parents will be assisted in obtaining literacy and parenting skills in order to help them help their scholars. Expected roles for parents will be outlined in a written Parent-Teacher-Scholar Compact. Parents will be included on teams that evaluate and design the Title I School wide Plan.

**Monitoring Student Progress and Addressing Academic Need**

Information will be made available at meetings, workshops, and conferences that will help parents learn how they can help their scholars improve.

**Parent Participation in Educational Decisions**

Parents will be made aware of ways to participate in their scholar’s schools. Parents will be encouraged to volunteer in classrooms, serve on committees, and see the value of their contributions to education by monitoring their scholars at home.

**PART 7: MATERIALS AND TRAINING**

The District will provide assistance to parents as they obtain literacy skills from community or school resources to help their scholar’s achievement. Workshops may be provided to show parent’s ways they can help their scholars with homework, educate parents on the use and abuse of television, inform parents of strategies for preparing scholars for tests, help parents interpret test results, and prepare parents for effective parent-teacher conferences.

**PART 8: VALUE AND UTILITY OF CONTRIBUTION OF PARENTS**

Professional development will be provided through conferences, workshops, publications, etc. to educate teachers, scholar services, personnel, principals, and other staff, in the value and utility of contributions of parents as partners in education. The school’s parent coordinator will coordinate all parent programs. The school will develop ways for parents to help at school and at home.

**PART 9: COORDINATION WITH OTHER PROGRAMS**

**Head Start**

The parent coordinator will meet with parenting personnel from Head Start to collaborate while planning for parent workshops when feasible. They will share information which will facilitate a smooth transition of scholars from pre-school programs to kindergarten.

**Pre-Kindergarten**

Pre-kindergarten parenting workshops will be combined with Title I parent involvement efforts. Many of the same parents will be involved in both programs, so joint scheduling will serve both groups.

## **COMMUNITY SERVICES**

The state funded Family Services Coordinator will assist in the coordination of community services from such agencies as the Health Department, the Department of Family and Children Services, and Homeless Shelters. The family services coordinator will facilitate the smooth operation of family literacy programs.

### **PART 10: ROLES FOR COMMUNITY-BASED ORGANIZATIONS AND BUSINESSES**

The school will work with its Partners in Education (school-business partners) to provide information about opportunities for organizations and businesses to work together with parents and schools. The school will describe appropriate roles for community-based organizations and businesses in parent involvement activities. The school maintains a partnership with its partners that includes a role for parents.

### **PART 11: PARENT RESOURCE CENTER**

A parent resource center in the school will be maintained to provide opportunities for scholars to be successful in school. **Resources are available for parents to check out for use at home.**

### **PART 12: PROVISION FOR LEP AND DISABLED PARENTS**

To the extent possible, information related to school and parent programs, meetings, and other activities will be sent to the homes of participating scholars in the language used in their home. In carrying out the parent involvement requirements, the school, will provide full opportunities for the participation of parents with limited English proficiency or with disabilities, including providing information and school profiles in a language and form such parents understand.

### **PART 13: EVALUATION OF THE EFFECTIVENESS OF THE PARENT POLICY**

The school will survey parents annually to measure the effectiveness of the Parent Policy. Areas to be evaluated include increasing parent participation and identifying barriers to parent participation such as low income, disabilities, limited literacy, LEP, and racial or ethnic considerations. The findings of this evaluation will be used to design strategies for school improvement.

### **PART 14: COLLECTION OF NON-SATISFACTORY COMMENTS**

The school will collect all non-satisfactory parent comments regarding the school plan and attach them to the school plan upon submission to the LEA.

# Elementary Promotion and Retention Policy

It is the philosophy of the Muscogee County School District that programs of intervention and alternate teaching strategies will be the preferred alternatives for scholars who are not making satisfactory progress. Retention is appropriate only when the scholar's developmental needs are such that retention of the scholar will be beneficial. A retention committee, to include the principal, will convene to hear a recommendation of a teacher. Parents will be contacted by the teacher prior to the committee meeting in April. Parents will be notified upon a decision to retain their scholar.

## Discipline Program

### WESLEY HEIGHTS ELEMENTARY DISCIPLINE PLAN

The goal of the discipline plan is to establish a school atmosphere which will provide scholars the maximum opportunity to learn. This environment should also allow all scholars to feel safe and secure. All classes will spend time discussing rules throughout the duration of the school year. The MCSD Handbook will be taught and scholars will be required to pass a test on the rules it contains.

Lessons on "The 7 Covey Habits" and making the appropriate choices are provided. Your understanding of the procedures to be followed, when a problem occurs, will enable you to help your scholar behave appropriately at school.

#### School-wide Expectations

1. Follow directions the first time they are given.
2. Be prepared for class, mentally and physically.

Misbehavior may result in the actions outlined according to the MCSD 2016-2017 Behavior Code and Discipline Policy.

**Positive Behavioral Interventions and Supports**

Wesley Heights is implementing “Positive Behavioral Interventions and Supports” (PBIS). According to the Georgia Department of Education, “this is an evidence-based, data- driven framework proven to reduce disciplinary incidents, increase a school’s sense of safety and support improved academic outcomes.”

Instead of giving children who are misbehaving the majority of our attention, we identify the scholars who are obeying the school policies and procedures. We are creating positive climates, and it is evident that the educators are teaching, monitoring and acknowledging appropriate behavior – school wide.
