Wynnton Wonders

Hello Wonderful Wynnton Parents!

As we count our blessings during this season of giving thanks, I want to thank each of you for your support to make Wynnton Arts Academy a **5 Star Climate School!**

The climate star ratings were released by the Georgia Department of Education at the end of October. “The School Climate Star Rating is a diagnostic tool to determine if a school is on the right path to school improvement,” the GaDOE says on its website. The rating is based on data from surveys of students, employees and parents, as well as attendance for students and employees and student discipline records which measure school safety.

College and Career Ready Performance Index (CCRPI)

The CCRPI is Georgia’s statewide measure of how well schools are performing academically in the areas of content mastery, progress, closing the gap, and readiness. Wynnton’s score of 76.9 reflected a double-digit increase of 13.2 and was higher than the state and the district averages, placing us **#9 in MCSD for elementary schools.**

Wow! Wonderful is happening at Wynnton Arts Academy!

Have the happiest of Thanksgivings with your families!

Mrs. Mull

Keeping Our Children Healthy — Physically and Mentally

Physical Fitness

Students who exercise regularly have been found to have higher math achievement and better cognitive skills than those who don't. Have your child exercise some each day for their physical and mental well-being!

TV Time

Children over 2 years of age should not watch more than 1-2 hours of TV/video games each day. The more TV children watch, the more likely they are to have social, emotional and attention problems.

Fall Festival

Thanks for your support of the Fall Festival! A wonderful evening of fellowship and fun was enjoyed by all. Kudos to the parent volunteers, WFAA members, and faculty and staff for making sure **Wonderful Happens Here!**

It was a most successful event due the spirit of teamwork as we came together to celebrate all that is so special about Wynnton Arts Academy!
