

Welcome to Arnold Magnet
Academy

Home of the Rams

Message from the Principal

The middle school years are an exciting time when children embark upon new adventures in the world of learning. Each year will provide important transitions and the acquisition of new skills that will enhance each student's ability to apply learning in a meaningful way. Students will discover new skills, new friends, and new interests as they explore the wide variety of academic and athletic activities, clubs, organizations, and teams.

As a mathematics, science, and technology school, it is our goal to offer students at Arnold a rich tradition of academic excellence. Here our faculty is dedicated to every student's intellectual development and emotional growth following the 3 P's: Passion, Perseverance, and a Positive Attitude. It is with great hopes that despite the obstacles we currently face in our country, that we rise above and beyond the adversities presented before us and come out victorious. I would like to welcome you to Arnold Magnet Academy and hope you will become a part of our RAMily.

~Stacy S. Day, Passionate Principal

Why Arnold Magnet Academy??

What is STEAM?

STEAM stands for:

Science

Technology

Engineering

Arts

Math

Arnold Magnet Academy prepares students to compete in the global economy by equipping with the skills within the disciplines of Science, Technology, Engineering, and Math. Participating in STEM Based projects allows students to become more responsible in designing, conducting, and communicating results.

Arnold Magnet Academy is a Discovery Education school where students are provided with high quality content to increase the impact of the learning environment.

Students who enroll in our program have the opportunity to receive high school credits in math, science, and Spanish.
