

Business Program Guide

Business programs prepare students with computer skills for future college and career plans. Cluster skills mastered include planning, organizing, directing, and evaluating, as well as owning and operating a successful business.

Start In High School. Follow *Your* Perfect Path.

High Schools

By participating in high school CTAE programs, students can create opportunities to continue their studies in college, pursue an entry-level job, or serve in a related field in the military. (See back for a full list of programs.)

FBLA

Future Business Leaders of America (FBLA) is the Career & Technical Student Organization (CTSO) that gives students an opportunity to compete in career-related events and gain leadership experience.

Certifications

After completing a CTAE pathway, students prepare for certification exams, at CTAE expense, that may qualify them for entry-level jobs and/or college credit. Students will be offered the opportunity to earn a Microsoft Office Specialist certification in Word, Excel, and Powerpoint.

Work-Based Learning

Students have the opportunity to be released early from school to work in positions related to their CTAE pathways.

Direct-to-Work

Rigorous high school programs prepare students for careers in business upon graduation.
