

Campus Portal User Guide

Introduction to this User Guide

This user guide provides information on how parents and students can use the Campus Portal. Detailed instructions are available for logging into the Campus Portal, viewing student data and generating available reports. The information in this guide is divided into concepts corresponding to a specific function of the Campus Portal. Each section contains instructions and some graphics to guide the user through the process.

Updates to this user guide will be made as additional features of the Campus Portal are released. **Please note:** Not all sections are always available to view. Periodically, sections will be disabled for a period of time.

Access to the Campus Portal

The Muscogee County School District determines access to Campus Portal. For questions about your access rights, please contact your child's school. This document does not provide instructions on how to sign on to Campus Portal.

Security Features

- The Campus Portal incorporates the highest level of security. Parents/guardians can see only information related to the students they are authorized to view through the use of a secure connection, strong passwords and session timeouts.
- The Campus Portal enables the District to force strong password usage by all users, including parents/guardians. This requires a password that is case sensitive and at least eight characters long. The password must also contain at least three of the following: a capital letter, lower case letter, number or symbol. In addition, a student will be forced to change their password the first time logging in.
- Five unsuccessful login attempts will disable the Campus Portal account. To use Campus Portal again, parents will need to contact their child's school.
- The Campus Portal also monitors the activity in each session. As part of security settings, an Access Log is included. By default, the system will time-out any user after a period of time and requires the user to log in again.

Navigating the Campus Portal

Navigating the Campus Portal is easy. The left side of the screen is used to navigate the Campus Portal. The right side of the screen contains the main frame which displays topic specific information.

Messages

The Messages tab will bring you back to the home page. The home page displays district notices, school notices and your inbox.

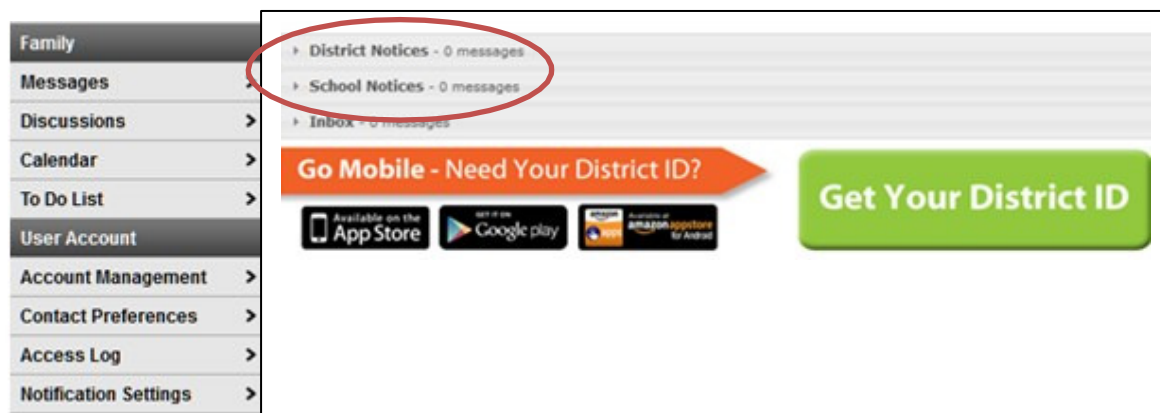

Select A Student

To view student schedules, attendance, grades, academic planner, graduation progress, fees or reports, you must first select the student you want to view. Select the student by clicking on Select A Student at the top of the screen and then choose the student you want to view.

School and District Notices

The Campus Portal homepage displays school and District notices in the main frame located on the right side of the screen. Notices are organized by district-wide messages and by school-specific messages. The Campus Portal also has a built-in messaging system. Your inbox will contain any messages sent to you. You can access the homepage by clicking on the parent's name under the Infinite Campus header.

Inbox

The Inbox message center is for all system communication relevant to a user of the Campus Portal. Announcements appearing in the Inbox are tailored to the currently logged-in user.

Account Management and Contact Preferences

The **Account Management** tool allows a user to change the account password. By entering an email, the user will have access to the Self-Help Password Reset. If you forget your username or password to the Campus Portal, it will be emailed to you. This email address does not populate in the student information system. The user must have a current password to make this change.

Contact Preferences will allow the user to add an email address and a secondary email address. You may choose how you prefer to receive a message by type i.e. Emergency, Attendance, General Notification, Priority Notification, Teacher. You may also select a preferred language. This information is populated in the student information system.

Access Log

The Access Log lists the IP address (location from which parents access the Portal), the times it was accessed and whether the login was successful. Users do not have the ability to modify data here.

Notification Settings

Parents may subscribe to school notifications to receive alerts to attendance, grade, and assignment changes. The notification bell is located in the upper right hand corner of your Campus Portal screen.

Calendar

Calendar Events for all students in the family will display if you do not have a specific student selected. The Calendar tab displays assignments and attendance events for each student. The Calendar tab appears in both the Family section and Student section of the portal.

Schedule

The Schedule tab lists your child's classes in each period and each term. For each class, you will find the name of the course, the days it meets, the teacher's name and room number. You may click on the class name for current assignments and scores, and on the teacher's name to send the teacher an email. You may click on the date for a current newsletter by a class teacher.

Attendance

The Attendance tab allows parents to track student attendance using a variety of summary options and attendance views. This section is updated in real-time, as the teacher or attendance clerk enters daily or period attendance.

The attendance calendar at the top of the attendance screen provides color-coded absence and tardy information for the selected student. The current day is outlined in blue. Clicking the black arrow icons will allow the user to view previous and future months. All instructional days may be selected. Non-instructional days are grayed out and cannot be selected.

Dates that are highlighted can be clicked to view daily period details. ■ Excused ■ Unexcused ■ Exempt ■ Unknown

(Clicking on April 8th on the calendar view shows an attendance detail for that day)

The student was marked tardy in period one.

Grades

The Grades tab displays recent assignments that have been graded, a list of term grades by course, and the student's current Term GPA. Parents and students are able to see all grading tasks, grades, and assignments for a particular course.

Parents and students are also able to view any newsletters the teacher has sent and may email the teacher by clicking on the teacher's name.

Academic Planner

The Academic Planner displays the student’s assigned Academic Program and the courses the student has planned to take in each school year (by grade level). Counselors have a similar view to this that allows them to see the student’s chosen courses and make modifications, if necessary. Based on the assigned Academic Program, students must meet credit requirements, course requirements, test requirements and GPA requirements. The goal is to meet each requirement for each grade level. Parents may be asked by the school to approve their child’s Academic Plan by checking a box.

Approved by parent/legal guardian

Graduation Progress

The Graduation Progress tool allows students and parents/guardians a color-coded view of a student’s progress toward the completion of an Academic Plan. The tab displays the student’s assigned academic program, listing the total credit the student has received and planned in each credit type assigned to the academic program.

- You may view the student’s overall progress in the assigned academic program
- You may see the student’s course, test and GPA requirements for the assigned academic plan
- You may see the student’s Academic Program progress for another academic program
- You may expand areas to display more detail by clicking on the + sign (i.e. English 1 (1))

Reports

The Reports tab allows parents to generate printed reports of information such as a student's schedule, a missing assignment report, and any transcripts or report cards that are available. Adobe Acrobat Reader is required and may be downloaded at no cost. Below are some report examples you may find on Campus Portal:

Reports

-  Student Schedule
-  Missing Assignments
-  Progress Report-MS
-  Report Card-MS

Reports on this page require the Adobe Acrobat Reader (free).

Attendance

This section displays a graph of the number of absences reported by the school district for the student each year, beginning with the 2006-2007 school year.

Assessments

The Student Lexile Scores chart displays the student's Lexile score achieved on the CRCT/CRCT-M in Reading, the Milestones End-of-Grade test in ELA, and the End-of-Course test in 9th Grade Literature and American Literature, as compared to the stretch Lexile range for that grade level.
