## September 24, 2021

Parents, I want to encourage you to read to your students every day. Whether you are reading picture books, novels, or anything in between, reading aloud to children has a significant impact on their life. Studies have shown that reading for pleasure helps support cognitive development, improves language skills, and prepares children for academic success. Reading with your child helps develop a special bond between the two of you and can cultivate a lifelong love of reading. To have successful and effective reading sessions, consider the following: start young, make it part of their routine, encourage variation, and have patience.

Amy Parker, Principal
