Notes from Ms. Bray

November is here! I would like to ask all our parents to monitor what your student is watching on social media! Like I tell the students, there are many ways for you to be on a device - phone, tablet, computer, gaming systems. Cyberbullying is a major concern and there are too many inappropriate posts that are available to view and they pose a threat to the innocence of our students. Be aware!

Character Word for November - Citizenship

Citizenship - The way you act as a responsible member of the community. Citizenship includes patriotism, service to others and being honorable.

Being a patriot is knowing that America is another name for opportunity. The best way to find yourself is to lose yourself in the service of others. The time is always right to do what is right.

Dear Parent,

As you may know, flu can be easily spread from person to person. We are taking precautions at Eagle Ridge Academy to minimize the number of students who get sick with flu and avoid disruptions of the school session to ensure students are able to attend. **But, we also need your assistance!**

Here are a few things you can do to help:

- **Know the signs and symptoms of the flu.** Symptoms of the flu include fever (100 degrees Fahrenheit, 37.8 degrees Celsius or greater), cough, sore throat, a runny or stuffy nose, body aches, headache, and feeling very tired. Some people may also have vomiting or diarrhea.
- **Keep sick children at home** for at least 24 hours **after** they no longer have fever or do not have signs of fever, without using fever-reducing drugs. Keeping children with a fever at home will reduce the number of people who may get infected.
- **Do not send children to school if they are sick.** Any children who are determined to be sick while at school **will be sent home.**
- **Get vaccinated against the flu.** Influenza vaccination is the best defense against the flu.
- **Teach your children to wash their hands** often with soap and water or an alcohol-based hand rub. You can set a good example by doing this yourself.
- **Teach your children not to share personal items** like drinks, food or unwashed utensils, and to cover their coughs and sneezes with tissues. Covering up their coughs or sneezes using the elbow, arm or sleeve instead of the hand when a tissue is unavailable.

For more information about flu in our community, visit <https://dph.georgia.gov/influenza-reports> or <https://www.cdc.gov/flu/weekly/>. We will notify you of any additional changes to our school's strategy to prevent the spread of flu.
