This is a hard, but crucial conversation that must be had, even in the elementary world. Help is available: dial 988 if you or someone you love is struggling.

## **18 OR MORE DAYS**

- Excused and unexcused absences represent lost time in the classroom and lost opportunities to learn.
- Missing just one day every two weeks can add up to 18 days in a year. Absences add up before you even know it.

## **10 TO 17 DAYS**

- Students who are absent an average of 15 days a year miss a year's worth of school before their senior year.
- When students miss a day of school it actually puts them two days behind their classmates.

## **9 OR FEWER ABSENCES**

- Students with good attendance generally achieve higher grades and enjoy school more.
- Children benefit and make the most of their educational opportunities if they attend school regularly and on time.
