

GoGuardian *parent*

Parents and Guardians,

You now have access to GoGuardian Parent, a mobile app designed to provide you insight and control over your student's online activity when using a school-managed Chromebook. This overview includes the apps, extensions, documents, and websites your student visited. GoGuardian Parent provides you with an additional set of internet controls that you can set for out-of-school hours. Through the use of this app, we hope to encourage more open and honest conversations between you and your child that will result in safer practices and responsible browsing habits.

What is included in this app:

- Top 5 overview of your student's online activity
- Any teacher interventions related to your student's online activity
- 30-day overview of your student's online activity
- Ability to block websites on school-issued devices during out-of-school hours (4:00pm to 7:00am M-F, and ALL weekend)
- Ability to pause internet access on school-issued devices during out-of-school hours, either on-demand or at a scheduled time

How to access the GoGuardian Parent App:

- Download the app - search GoGuardian Parent App at the app store associated with your type of mobile phone (iPhone or Android):
 - ◆ [Download via Apple Store](#)
 - ◆ [Download via Google Play Store](#)
- After the app is successfully downloaded and installed, open it up and enter the email address registered with the school (this email needs to match the email used in Infinite Campus/Parent Portal) Note: If you forgot your registered email address, please reach out to your school administrator.
- Login/Check Email: Check your email on your phone for a link to log in to the app. Tap the "Verify your email", and it will take you straight to the app. Note: If you don't have access to your email through the device you used to log in, tap on "Login with verification code", and copy and paste the verification code from the email into the app.

If you have any questions, please refer to the Muscookee County School District [GoGuardian page](#).
