

Virtual Spirit Week Posting Directions

After taking your picture for the day's theme, follow these directions on your computer:

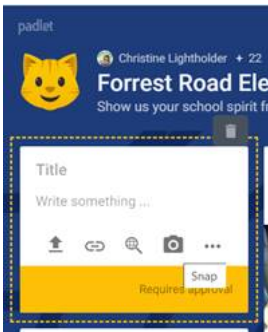

1. Go to <https://padlet.com/clight00/leqre0gd9tyhd46k>.
2. Click the plus sign at the bottom right hand corner of the page.

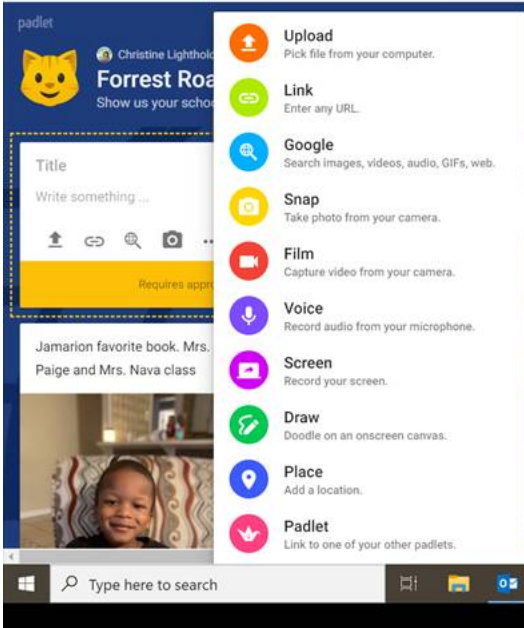

3. Then a little box will show up. You can either click the "upload" option

, the "snap" option (takes a picture from your computer)

, or the three dots options gives you multiple other choices

Once you have posted the picture, it will tell you that it is “waiting approval” because Mrs. Lightholder has it set so that she has to approve all pictures so that nothing inappropriate gets posted.

This can also be done from your phone, but I don't have screenshots of that. 😊
