Hannan Happenings
August-September 2023

Published: August 22, 2023

WHKL

5th grade teacher, Mr. Love, held an interest meeting on 8/22/23 for any 3rd- 5th grade students interested in WHKL. We will begin meetings and announcements the beginning of September.

Extracurricular Activities

Parents, we held Cheer Clinic and Basketball tryouts last week and this week, and we have finalized our 23-24 teams. We hope that you can come out to support our Hannan Hawks on Game days. We will post a schedule of all game dates. We will also begin selections and practices for some of our other clubs really soon. Please see a list of Clubs below.

Cheer Team

Girls' and Boys' Basketball

Science Olympiad

Stock Market Club

K-5 Robotics Teams

Helen Ruffin Reading Bowl

Picture Bowl

Math Team

Garden Club

WHKL and Hannan Hawks Pod Cast

Odyssey of the Mind

Men Act This Way

**Gentlemen of Excellence and Girls of Elegance
Student Council/Advisory Team**

Canvas

Each teacher should have an active Canvas page. This will help to keep students and parents informed about class assignments and any class/school events.

PLCs

We meet with teachers in PLCs weekly to review student data and schoolwide expectations. Please reach out to teachers to review student data such as current Lexile levels and scores from benchmark assessments. Also, make sure to check your student's weekly communicators for graded assignments and school information.

Schedules

Teachers should have their schedules/rotations posted to their Canvas pages. Please make sure that you have access to this so that you can view upcoming and current assignments.

Parent Contacts and Conferences: Tier 1

Teachers were instructed to make a positive contact the 1st 10 days of school as well as set up a conference with every parent during the 1st 9 weeks. If you need to set-up a conference with your child's teacher, please contact the front office or the teacher to schedule this.

Student Safety

Have you talked about Fire Safety procedures yet? How fast and quietly can they line up? Do students know our Severe Weather, Lock Down, and Secure the Perimeter procedures? If not, please review this with students! Parents, please have these discussions with your students.

Standards/STEM CONNECTION/ and EQ

STEM standards should be visible in every classroom, and teachers are working on STEM lessons/activities with students. We need to get our school garden up and running, so I need students in K-5 to see me if

they are interested in being a part of the Garden Club! Parents, if you have a “green thumb”, I invite you to come out to our school garden and help.

Important Dates to Remember

8/31: PTA Open House and Title 1 Parent Meeting

9/1/23- First Fun Friday- Dress Down Day for Students (Super Hero Theme- What is Your Super Power? Students can wear super hero shirts and jeans with not rips or holes.)
