

STUDENT CODE OF CONDUCT REMINDERS

PROCESS

1. Principals, please include the student message below in your morning and afternoon school announcements to all of your student body each day of the week until further notice.
2. The District will send a message to parents through Blackboard Connect to notify them of this process.

MESSAGE TO STUDENTS: PRINCIPALS

All of our students and staff have a right to and deserve a safe learning environment. We all share a responsibility to one another to preserve that right. Please remember the Student Code of Conduct rules apply while you are at or en route to school, school-related events, and bus stops. We will enforce the Code of Conduct across the District as outlined.

Rule one clearly states that all forms of threats, whether made on or off campus, are prohibited. This includes social media and online posts.

Rule three prohibits weapons or anything that resembles a weapon from campus, school functions, and transportation.

When we receive threats or reports of weapons, we take them seriously. Students who make threats or bring weapons to school will face immediate consequences that could result in expulsion and/or criminal charges.

We encourage you to review the rules as we go forward and report anything suspicious or concerning to school personnel immediately.

MESSAGE TO PARENTS: DISTRICT

Parents,

As we continue with our school year, we encourage you to speak with your student(s) about the Student Code of Conduct rules. All rules will be enforced as outlined. Our schools have announced the following message with key reminders to our students:

Our students and staff have a right to and deserve a safe learning environment. We all share a responsibility to one another to preserve that right. Please remember the Student Code of Conduct rules apply while you are at or en route to school, school-related events, and bus stops.

Rule number one clearly states that all forms of threats, whether made on or off campus, are prohibited. This includes social media and online posts.

Rule three prohibits weapons or anything that resembles a weapon from campus, school functions, and transportation.

When we receive threats or reports of weapons, they will be taken seriously. Students who make threats or bring weapons to school will face immediate consequences that could result in expulsion and/or criminal charges.

We encourage you to review the rules as we go forward and report anything suspicious or concerning to school personnel immediately. We will enforce the Code of Conduct across the District as outlined.

The Student Code of Conduct can be found online [HERE](#).
