FREQUENTLY ASKED QUESTIONS

When does TSA meet? We meet once per month for club meetings and after school when getting ready for competitions. Robotics is after school.

What do we do at club meetings? Club meetings are for communication and activity. We find out about upcoming events and practice leadership and engineering through design challenge activities.

Do I have to compete to be a part of TSA? No, being a member entitles you to participate at the level you want and to support our school when we compete.

How does NHS TSA raise money? We have school fundraisers all year. These help reduce the cost of travelling to competitions. We encourage families to help us start our booster club.

When is our first event? Tech day at GA Nat'l Fair in October will be a fun day of leadership, competition, and RIDES!
