MCSDD believes that all students should be engaged in, be excited by, and take ownership of their learning.

Purpose: This year, MCSDD students will use Google's G-Suite for Education tools, Chromebooks, and web-based applications selected and authorized by classroom teachers as learning tools to promote and maximize personalized learning and achievement. Although this Agreement authorizes the student's use of the Chromebook for the year, the device is the property of the district and must be returned upon the district's request, and no later than the last day of the student's attendance for the school year.
