

What is Common App?

Common App is a non-profit college access organization that helps students apply to college every year. Common App's free college application tool is designed to make applying to college faster and easier. With Common App you only need to use one system to apply to multiple colleges and universities. There are two main parts you fill out: a set of common questions and each college's own specific questions. The best part is you only have to fill out the common questions one time!

Common App is a place for you to learn about the college admissions process, understand how to plan and apply to college, and discover all that different colleges have to offer. It's a hub of information that can guide you through each step of the application journey. It's a resource that connects you with financial aid and scholarship opportunities.

Whatever questions you might have, we're here to help

Application guides to give you step-by-step instructions on completing your application.

A **college roadmap** designed to guide you toward your next destination — no matter where you start.

An **application dictionary** to help you understand the terminology related to college applications.

A **library of FAQs** to answer any question you may have, and a support team that's available **24/7/365**.

What's next

Visit commonapp.org to create your Common App account and start exploring colleges.

- 250+ public colleges and universities
- 50+ international universities in 15+ countries
- 125+ MSIs
- 500+ without app fee
- 300+ test optional/flexible

How the first-year Common App works

A quickstart guide for students using the first-year Common App.

1 Add colleges

Get started by adding colleges to your list. You can find colleges to apply to in the College Search tab of your Common App account. The College Search tab also has information and links to help you research each college. More than 1,000 colleges use Common App! Go to commonapp.org/explore to start exploring.

2 Stay organized

Each college has its own set of specific requirements and supplements. When it comes to tracking this information and staying organized, we're here to help! Use the "Requirements Grid" and each college's "College Information" page to find this information.

To start your college application checklist, check out our "My College Requirements" worksheet at commonapp.org/ready.

3 Complete and submit

Answering all the questions in the Common App tab is a great way to start your applications. For each college you will:

- Answer college specific questions
- Invite and manage recommenders
- Complete other supplements (if applicable)

After all these sections are complete, you are ready to submit your application! Submission is simple: review, pay (if applicable), and submit.

How does my application get there?

When you submit we combine your responses from the Common App and college specific questions, as well as any supplements, into one form. Your counselor, teachers, and other recommenders complete their reports and evaluations separately.

As recommenders submit their forms, they will be sent to the college to be added to your application.
