

About Schoolhouse.world:

Schoolhouse is a non-profit with the mission of connecting the world with free, peer-to-peer tutoring. We offer free, virtual tutoring programs for high school students. We were founded by Sal Khan of Khan Academy in 2020 and have supported 100,000+ students so far.

Programs Overview:

We currently offer four different types of programs. All are free and virtual! You can find all the important dates and registration deadlines in our [Program Calendar](#).

- **[SAT Bootcamps](#)**: 4-week programs in the month leading up to each [official SAT date](#). Run by certified peer tutors who scored 700+. Average score improvement: 40-55 points.
- **[College Admissions Workshops](#)**: 2-4 week programs designed to support students throughout the college admissions process. Run by incoming and current college students.
- **[Math Learning Labs](#)**: 3-4 week programs focused on one specific math topic from Algebra 2 or Pre-Calculus. Programs follow the Khan Academy curriculum.
- **[Homework Help](#)**: Organized by subject where students can attend small-group sessions via Zoom or get 1:1 homework help via text.
