

What is PBIS?

Introduction

PBIS stands for Positive Behavioral Interventions and Supports. It's a way for schools to help students behave well and learn better. Let's break it down and learn more about PBIS!

What PBIS Means

P - Positive

- * PBIS focuses on good behavior instead of punishing bad behavior.
- * It's about praising students when they do the right thing.

B - Behavioral

- * This means it's all about how students act and behave in school.
- * PBIS helps teach students how to behave well.

I - Interventions

- * These are ways to help students who might be having trouble behaving.
- * Teachers use different methods to guide students toward better choices.

S - Supports

- * This means the whole school works together to help students succeed.
- * Everyone, including teachers, staff, and parents, plays a part in supporting good behavior.

How PBIS Works

1. **Clear Rules:** Schools make easy-to-understand rules for good behavior.
2. **Teach Good Behavior:** Teachers show students how to follow the rules.
3. **Rewards:** Students get praised or small rewards for following the rules.
4. **Help for Struggles:** If a student has trouble, they get extra support to improve.

Benefits of PBIS

- * Makes school a happier place
- * Helps students focus on learning
- * Reduces bullying and other bad behaviors
- * Teaches students important life skills

Conclusion

PBIS is a helpful way for schools to create a positive environment where everyone can learn and grow. It's all about being kind, respectful, and responsible!
