Dear Parents and Guardians,

The Muscookee County School District has made the decision to close all school buildings. To ensure that your scholar continues to have access to quality academic work, we have provided you with learning expectations in each curriculum area for your scholar. (S)he will engage in online, district supported programs to provide them with continued learning to reinforce and enhance the academic skills taught in the classroom.

It is extremely important that you provide your child an environment conducive to learning with a daily, uninterrupted schedule to complete each prescribed task. It is also important that you monitor your child's work to ensure they are completing the assignments. The teacher will provide office hours daily for additional support.

Your child's teacher will communicate and share digital assignments through Class Dojo. If (s)he does not have access to technology, a printed copy of the assignments have been provided to your child. Please check Class Dojo, our school website, and listen to all Connect Ed messages for pertinent information from our superintendent, Dr. Lewis and follow up messages from me.

Respectfully submitted,

Dr. Shelia "Precious" Evans  
Proud Principal
